Étanchéité totale

Full seal

Cette charnière à mécanisme déporté, permet l'installation d'un joint sur toute la hauteur de la porte sans interruption et contribue ainsi à optimiser l'étanchéité de l'ensemble.

The hinge with an offset mechanism means that a sealing strip can be assembled on the whole length of the door without interruption and this optimises water tightness.

Poids maximum de la porte = 45kg

Maximum weight of the door = 45kg

Ajustement de l'angle

Angular blocking system

Brevet exclusif Stremler, le système de réglage largement éprouvé sur l'ensemble de notre gamme de charnières, permet de régler facilement l'angle de la porte après la pose.

Exclusive Stremler's patent, the system of adjustment which has been tried and successfully tested on our ranges of hinge, makes the positioning of the door closed easy when assembling.

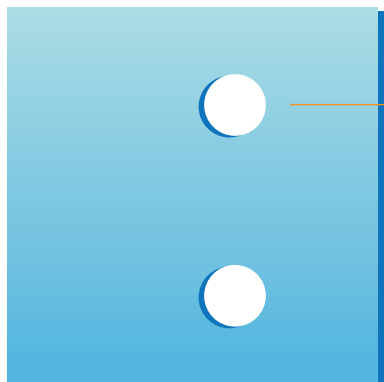

Pour verre de 8 et 10 mm

For 8 and 10mm thick glass.

... nouveaux avantages

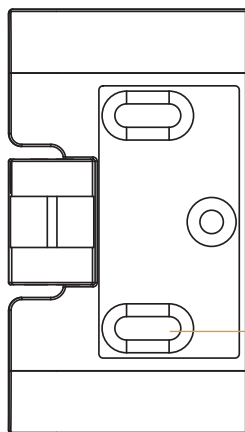

... new advantages

Encoche simple

Simple notch

Encoche 2 trous $\varnothing 16$ mm
2 holes $\varnothing 16$ mm

**Positionnement facile
de la charnière**

Easy hinge positioning

L'équerre est équipée de trous oblongs permettant d'ajuster facilement la position de la charnière lors de la pose.

Un cache rend invisible les vis de fixation pour un meilleur esthétisme.

The fixing square has oblong holes to enable easy positioning of the hinge.

An adhesive cover hides the screws for a better looking shower.
